

include/arctk/utl/tuple.hpp

```
graph TD; A[include/arctk/utl/tuple.hpp] --> B[tuple]; A --> C[utility]
```

The diagram illustrates a header file dependency. A central box labeled 'include/arctk/utl/tuple.hpp' has two arrows pointing downwards to two separate boxes labeled 'tuple' and 'utility'. This indicates that the 'tuple.hpp' header file includes or depends on the 'tuple' and 'utility' components.
